Education

Sindh madressatul Islam University   09/2022 – present
Degree of Computer Science

Projects

Real-Time Chat Application (Next.js, React, Firebase)   10/2024
- Built a full-stack real-time chat application using **Next.js** and **React**, enabling smooth page navigation and dynamic UI updates
- Integrated **Firebase Authentication** for secure user login and **Firestore** for real-time message syncing.
- Styled the application using **Tailwind CSS** to ensure a responsive and modern user experience across all devices.

Recipe Display App (React, React Router DOM)   09/2024
- Developed a dynamic recipe display web app using **React** for component-based architecture and state management.
- Used **props drilling** and **React hooks (useState, useEffect)** to manage and pass data between components efficiently.

Online Code Editor (React, Vite, Live Preview)   05/2025
- Created an interactive online code editor that supports **HTML, CSS, and JavaScript** with live output preview.
- Managed code input and live updates using **React Hooks** like useState and useEffect.

React Native Mobile App (Cross-Platform Development)   06/2025
- Built a mobile application using **React Native** and **Expo**, focusing on cross-platform compatibility (iOS and Android).
- Implemented component-based layout with **ScrollView**, **View**, **Image**, and **Text** components and reusable styling using **StyleSheet**, enhancing mobile UI design.

Railway Management System (Java, MySQL, NetBeans)   06/2023
- Developed a **desktop-based railway management system** using **Java Swing** for the graphical user interface.
- Integrated **MySQL database** using **JDBC** for storing and managing train schedules, bookings, and user data.

Problem Solving

Extra Circular Activity

Cutchi Memon Jamaat Bhimpura
I worked as a volunteer at the *Bachat Bazaar* event. My responsibilities included assisting with event setup, managing stalls, and ensuring smooth coordination throughout the event. This experience helped me develop strong communication and organizational skills while working in a fast-paced environment. It also gave me valuable insight into event management and teamwork.
